Hilton Hotel Development

Local Development Company, 51 Pegasus Ltd, will be presenting their proposals for a Hilton Hotel Campus and Conference Centre along with a Mini Park and Ride base, to be sited at the south of the city.

These proposals were specifically developed in response to St Albans District Council's own published conclusions that the city has a real and pressing need for such facilities.

As well as bringing the world's brand leading hotelier to St Albans, this proposal offers many further benefits including enhanced community facilities, additional employment opportunities, road safety improvements and much needed investment. The team behind the proposal, who are all long term residents of St Albans and the locality, will all be in attendance and would welcome the opportunity to answer any questions and hear the views of the Chamber and it's Members.
